Qualitative Feedback

What were the good points?

Variety of cases excellent
Excellent session. Good cases and nice to have some feedback
Good cases and well organised
Well organised, good cases, good advice from post-exam trainees
Very well organised throughout. Good cases.
Case mix really good. Well organised.
All of the session was excellent.
Excellent case mix, well organised
Really useful to have feedback from people who had only just sat the exam
Good to see from other side, encouraging the candidates
Great patient cohort and flow.
Nursing staff in clinic assisting were excellent.
Good mix of patients with various upper and lower limb pathologies
Good range of cases
Excellent
Excellent examiners who gave useful and constructive feedback
Exposure to clinical cases.
Learned examination techniques
Got an idea about the frcs exam
Useful clinical scenarios
Great exam practice
Best session of the year. Really excellent thank you.
Having so many real patients was very valuable!
Interactive sessions with real patients
Really well organised.
Good feedback from the consultants and tips from the post exam candidates.
Well organised. Good range of pathology.
Really good session
Nice to give back to the program as an examiner
Excellent cases and well organised
Great session
Good set of patients, and the short cases were a nicer way to be tested.
Excellent organisation and faculty. Thank you.
Well organised

What could be improved?
