Qualitative Feedback

What were the good points?

Great talks
Excellent session good cases one of next this year
Well presented. Good case discussions.
Very good session
Understand the judet views of the pelvis now.
Case mix
Great talks with awesome faculty
Simple concepts and good explanations
Interesting and thought provoking cases
Good range of cases and balance between didactic information giving and participation
Excellent faculty representation
Interesting cases
Cases
Case presentation and discussion was very useful.
Good cases
Very good session
Enjoyed recap of NHFD data

Best session so far. Case based was useful.
Interactive and thought provoking
Excellent mix of cases and covering of principles.
Good cases and explanation of pelvic fractures
Really useful case discussions and case mix
Great leacture and acetabular fractures were very simplified and made easy to understand
Good clinical cases and interaction
Good open discussion
excellent teaching
Good overview of the topic
Case based discussions of difficult cases was excellent
I enjoyed the quiz.
Easy to understand talks. Good range of cases.
Lateral nailing of the femur was excellent. Didn't assume a very high level of knowledge so was very clear. The quiz was also very useful.

What could be improved?

Nothing
None
Room size - not their fault though!
Room was small and hot
Nil
Nothing
Nil
Some evidence for exam purposes e.g in trauma viva
Providing some evidence to cite in viva stations
-
Bigger room.
Some viva practice
Nothing really
More description of fixing pelvic trauma.
Percutaneous v open and approaches
Nothing brilliant session
Nothing
-
nothing
We will benefit from a leacture on pelvic fractures as well
Nil
Not sure the quiz added too much.
-
Nothing
Bigger room
Bigger room.
Nil
The venue.
