	Presentation Style:			

Qualitative Feedback

What were the good points?

Interactive, management orientated talk. Also focused on the rationale of treatment.
Good venue and screen, interesting topic and not covered elsewhere in programme
Excellent interactive sessions
Enlightened us on rheumatoid deformities
Few teaching sessions are clearly constructed and crisply delivered. This was one of them.
Genuinely Exam focused. Excellent.

Presentation

Very good and concise presentation from Mr Widnall.
I found it an excellent overview of the topic from the exam point of view
Very good session
Well structured sessions covered all relevant aspects of rheumatoid foot.
Excellent session by Mr Widnall
Exam focus
Exam prep
Excellent level of detail. Clearly presented
Good summary of evidence
Excellent talks, especially on the rheumatoid forefoot. Very clear message.
Great summaries
I liked James' exam focus to the lecture
Evidence based, clinically relevant
Excellent and to the point with both sessions

Cases

Main points were discussed
Excellent overview of RA feet
Simple. To the point. Key literature covered. Interactive.
good topic choice
Mr Widnall did choose an excellent structure
Exam answers and a quiz to reinforce the learning.
Concise teaching
Quiz at the end very useful to re-affirm key points
Key facts

What could be improved?

Add clinical cases
First presentation had some cluttered slides
Talk on biomechanics of foot and ankle will be very useful

See above.

No

Good session

Well structured session

Use teaching time

Nothing

Nil

clinical cases

Nil

Increase length of session

Nik

Clinical cases, patients to examine

Ensure 2nd speaker presentation on website for reference later.

NA

Short teaching session. It needed a third presentation to make it worthwhile.

Nothing

NA

na

-

Screen was low and made for difficult viewing beyond the first few rows
