Qualitative Feedback

What were the good points?

Excellent format: clinical cases with pre set questions. Ensured maximal inclusion of everyone.
Excellent as always
Great CBD format. Good cases. Area not often covered
Good format and very interactive.
Interactivity was the best part. Case based discussions were very helpful
These were good cases but it was unstructured without information preceding it
Excellent CBD style discussions, knowledgeable teacher and engaging. Thanks a lot.

Good group work
Very good. Covered very difficult topics
Case based discussions were excellent
Excellent session, Mr Nixon was brilliant - the group cvs set up was really useful
Covered in an interactive way. Required thought
Best teaching so far! Very enthusiastic, useful and clear teaching! Thank you Mr Nixon.
Great session
Good cases
Good session and productive discussion on cases.
Groups
Group sessions were a very nice way of covering the content. Welcome change .
Good use of CBDs

What could be improved?

Nil
Cooler venue please
Hot room but got prior warning
Room was too hot and difficult to find.
Maybe a venue with aircon
It was unreasonable to get us to be in that room given the temperature.
Handouts.

Some more fans
Nothing really
Will benefit from clinical cases as well
A room with windows
AIR CONDITIONING

Nothing
It was too hot, AC is required
Venue was far too hot.
None
Through no fault of the organiser, but the room was just too hot, and sadly distracted from the session.
The room was too hot to concentrate.
