Qualitative Feedback

What were the good points?

Very interactive session. Excellent
Good coverage of Charcot and diabetic foot. Good presentation style. Good pretending
Extensive talk and good information about diabetic foot management
Charcot bingo is always informative and interactive. Great way to learn.
Really useful presentation on orthoses. Good cases
Great organisation
Thanks for pre-reading
Great to have cases
Interactive quiz
Pre reading papers are very educational
Cases at the end of the session was excellent
Really good cases
Excellent session. Great balance between didactic and interactive.
Franks session was invaluable.
Clinical sessions a great way to consolidate
Good overview of diabetic feet and charcot.
Great pre-reading materials and linked well to clinical cases.
Very good interactive teaching session with a lot of cases discussed.
Group review of patients was excellent for learning.
Excellent mix of didactic, skills, case based sessions
Pre-reading - sent well in advance, concise and informative
Pre-reading was useful, knowledge was consolidated throughout the session.
Well structured very useful interesting session by Frank.

Very good interactive teaching
Charcot bingo, cases
Discussion
Excellent talk on orthotics. Would like more in the future on devices for
Other foot and ankle conditions
Pre-reading was excellent - bingo was fun.
Cases were very good but felt a little rushed at the end
really useful to go over the orthotics and inlays
Interactive
Clinical cases and Charcot good for cbd and interaction

Range of topics covered and good to do cases at the end

Charcot bingo was an excellent learning tool
very well structured
excellent presentation
Miss Jackson was outstanding
Very good presentation from Orthotics and Plaster technicians

Learnt a lot in Orthotic talk. Thank you
Really enjoyed Chacot Bingo
Cases were very useful

What could be improved?

Satisfied with approach
Nothing. Was very informative and useful
Nil
Nothing
Nothing - brilliant session!
More clinical cases
More time on management of the acute hot diabetic foot
Nothing
More time on cases
Too much time spent on orthotics and casting, useful but ate into the clinical cases.
Shorter time spent on the casting session.
Nil
No improvements to suggest.
This was a much improved session to the one we had 2 years ago.
Nil
Nothing
Plaster room session
Tried to cram too much on to today.
Separate clinical day would be good to give more time/patients to examine and discuss
The orthotics talk could have expanded to all orthotics, not just diabetic related.
na
No
None
Bingo style was not helpful so early on.
Some early didactic information to introduce concepts would be
Shorter talk on appliances
-
Some more case based discussion.
Not a lot really
